RESOLUTION FOR 1919.

I HEREBY RESOLVE:

That during 1919 I will save money;
That I will save an amount which will compel me to forego something I can really do without;
That I will buy War Savings Stamps;
That I will also get a Thrift Card, which will enable me to take care of the "quarters";
That I will keep on doing this throughout the year.
That I will recommend this Plan to others;
That I will do all I can to popularize it for the good of my neighbor and Canada generally.

Local Branch G. W. V. A.

To our many friends in Monitor and district we wish to announce that a Branch of the G. W. V. A. has been applied for to be established in Monitor.

To this end we are working hard and faithfully and hope to see a record crowd at our opening Dance, on Feb. 14th.

For the benefit of those who are not familiar with the aims and objects of the Association, we publish the following from the "Veteran" of Dec. 1918.

What The G. W. V. A. Stands For Our Aims and Objects

In order that our many well-wishers and friends may become better acquainted with the ideals and purposes for which the Association stands, we reproduce herewith our "Aims and Objects," with the assured conviction that our worthy motives and desires will be increasingly supported the more widely they become known.

To perpetuate the kindly ties of mutual service in the Great War, the recollections and associations of that experience, and to maintain proper standards of dignity and honor between all returned soldiers.

To preserve the memory and records of those who suffered

and died for the nation. To see to the erection of monuments to their valor; the provision of suitable burial places; and the establishment of an annual memorial day.

To ensure that proper provision is made for the due care of the sick, wounded and needy among those who have served; including reasonable pensions, employment for such as are capable, soldiers' homes, medical care, and equitable provision for dependent families of enlisted men.

To constantly inculcate loyalty to Canada and the Empire, and unstinted service in their interests.

To guard carefully the good name, interests and the standing of our comrades still overseas, and to which they should be entitled upon their return.

To impress upon its members that they are to continue in their service to Canada as citizens, the same spirit of sacrifice and loyalty which they have shown to Canada and the Empire as soldiers, and to remain as members of the Association, non-sectarian and non-partisan.

Watch this space for future developments.

Yours truly
G. W. V. of Monitor

Keeping Dairy Herd Records

The Dairy and Cold Storage Branch of the Ottawa Department of Agriculture has issued an eight-page circular giving exact instructions relative to the keeping of dairy herd records. The circular states that the Department will pay to any qualified tester 10cts for each Babcock test made from the composite samples of any herd. The party who does the testing must provide the Babcock tester and the necessary glassware and equipment for making the test. The Department, however, will provide free of charge the sulphuric acid preservative tablets, return envelopes, credit slips, labels for the composite sample bottles, and blank forms for recording the weights of milk at the farm. The duties of the testers will be to test the composite samples each month, enter the tests on the record sheets and forward the same to Ottawa. With the circular, a sample is given of the record and the manner in which it should be kept and blank application forms, first, for assistance in herd record work and, second, for employment as a milk tester. It should be stated that no postage is required when writing to the Dairy and Cold Storage Commissioner, Ottawa, and also that the circular here referred to can be had free from the Publications Branch at Ottawa.

A New Potato Booklet

A booklet has been prepared on the use of potatoes. Many new recipes are given which are likely to attract attention. It is the desire of the Food Board to bring before Canadian housewives anew the remarkably high food value of the potato so that it may be used to the fullest extent this winter as a leader among those things which have to supplant wheat flour as much as possible. The booklet will be sent free to any applicant to the Food Board, Ottawa.

Annual Meeting of the Sounding Lake U. F. A.

The Annual General Meeting of the Sounding Lake Local No. 670 of the U. F. A., was held at the Horse Shoe School on Mon. Dec. 23, at 2 p.m.

There was a good attendance of members, 25 putting in an appearance. This is a hopeful sign that farmers are at last realizing the necessity of discussing and conducting their own affairs, especially in view of the radical changes which the country is certain to experience in the near future.

A number of the resolutions to be submitted to the annual convention, in January, were considered.

The following officers were elected for the coming year: Pres. A. Somers, V-Pres. John Mitchell, Directors, J. R. Blair, A. Cooper, W. Deacon, J. Ridley, T. W. Plumb, W. Sellwood, Secy-Treas. Stanley B. King.

Thrift does not imply meanness. It is just good business applied to the home. We are beginning to know the meaning of thrift in Canada today. We had forgotten about the frugality of the pioneer settlers. We now see that we have been burning the candle at both ends.

HARNESS REPAIRING

I am anxious to secure a large amount of work to keep my men busy during the slack season.

New goods are very expensive, and it will pay you to have your Harness well repaired and oiled before the spring work comes on. I use nothing but No. 1 Leather, Best Linen Thread for sewing and Best Grade of Harness Oil.

All work is guaranteed first class, and charges are reasonable. On jobs amounting to \$5 to \$10 I will pay transportation one way. On all jobs over \$10 I will pay the charges both ways. Pack up your Harness in boxes or sacks and be sure to attach your Name and Address to the goods themselves.

If you have any shoes that you want repaired put them in too, and I will have them done by a good man here in town.

Write me if you want your job Oiled as well as repaired.

Great War Veterans' Memorial Hall Fund

A Tribute to the Fallen and a Thank-offering to the Living.

The Memorial is to be erected in Edmonton in honor of the Northern Alberta Veterans in that Canadian Army which has fought valiantly from the famous Battle of Ypres to the re-capture of Mons, and which Sir Arthur Currie says: "In the last two years has never lost a gun, has never failed to take an objective, and has never been driven from an inch of ground once consolidated."

THE IDEA

Twelve months ago the Great War Veterans of Northern Alberta began a movement to build in Edmonton a Memorial Hall to their fallen comrades and at the same time establish in connection with it a Soldier's Assembly Hall and Administrative Office for their own organization.

THE SITE

The citizens of Edmonton have given their hearty endorsement in the heart of the city overlooking the Saskatchewan River. It is one of the finest sites in Canada for a Soldier's Memorial Hall. The property has been vested in a Board of Trustees, representing the G.W.V.A., the city and the province.

THE MOTIVE

We, as a people, must show our gratitude to those who have laid out their lives. It will not be enough to name them in the deeds in marble or bronze. A building well designed will present the character of a work of art and at the same time fill a practical need.

THE SUPPORT

The scheme has been carefully considered and it is agreed that it is the only one that will meet the needs of the veterans. The Veterans' Local organization has volunteered to work in support of the campaign. Other organizations have associated with them a strong committee of business men.

THE PLAN

There will be provided a lecture hall, a billiard and game room, gymnasium and swimming pool, library, reading and writing rooms and a canter room for the use of public meetings. Administrative offices will also be arranged for the Hall and the auditorium will be a source of revenue toward maintenance.

THE MEMORIAL

The most impressive feature of the scheme will be the Memorial Hall. There will be preserved hero rolls, scrolls and the flags and standards of all regiments and the trophies of the battlefield and other prized property. These features will inspire us to keep alive the traditions of our regiments.

THE NEED

The need for such an institution has been apparent since the men began to return in 1918. For many years to come existing funds from the various provinces will find it necessary to visit the capital on business connected with the welfare of other offices dealing with returned soldier problems.

This is the first Christmas after the cessation of war. It is the greatest occasion for thanksgiving you have ever had. It will never come again. Surely the battle-scarred survivors of the campaign in France and Belgium merit this Christmas gift. It is for them who have been "Over There" this appeal is sent forth.

THE SUBSCRIPTIONS

Payments may be made in cash or on instalments. Subscriptions must be accompanied by a deposit of 20 per cent. of amount subscribed. Application form may be obtained from any official canvasser or any Bank. Stamps will be available at some of the offices dealing with payment is made.

Note and Comment

We were treated to a full grown, man's-size snow storm on Sunday last, which stayed on the job for about twenty hours. The storm left behind some great little drifts, from four to eight feet deep, and, sad to relate, dumped them down at the most inconvenient spots. Main St. presented a very animated picture, early Monday morning, when the business men dug into the snow piles and removed them from the doorways and sidewalks.

Every farmer should endeavor to familiarize himself with the habits of the various weeds occurring on his farm. When he understands clearly their nature and the methods by which they spread he can then set about their control in a rational and scientific manner. It is only in the winter months that the average farmer has sufficient leisure to devote time to the study of weeds and with this object in view the following Dominion and Provincial Publications are quoted in the hope that they may be of service to him. The Dominion Bulletins Nos. 28 and S-8 can be had free from the Publications Branch at Ottawa, as can also Pamphlet No. 1, on Cleaning Seed; The Seed Control Act, and Circular No. 45 on Weeds.

Bulletin No. 1, Weeds of Alberta, can be obtained from the Department of Agriculture at Edmonton.

Before marriage a girl is very near and very dear to a man; after marriage she is nearer yet and dearer still—to his pocket-book.

When seed grain is advertised as pedigree seed, it should mean two things: first, that the record of that particular strain is known from its origin; second that it is rich in the qualities that make it superior to other selections of the same sort.

As the production of pedigree strains and varieties is practically confined to the various Dominion and Provincial Experiment Stations, any so called pedigree seed that does not trace back to these sources, or is not registered in the Canadian Seed Grower's Association should not be purchased as such, without careful inquiry into its origin.

Letters To The Editor
(Crowded out of last issue)

The Kirriemuir Town and Bank

Sir—

Bidefordites sincerest thanks for the interesting information of the Kirriemuir Bank Booster.

It is highly amusing to think that anyone would take seriously the little tit-bit in the Bideford column. What a saving grace is the sense of humor. Probably the booster hails from Bonnie Scotland and needs the proverbial *unskew on his cranium* ere the light of a joke can penetrate. "It is to laugh, Mousier," as the Frenchman would say. He evidently was fearful for the reputation of his town and gave us its history since "when as yet there was none of it," and after gibing Bideford as being famous for half-low gossip and piffle, winds up with an appeal to come to Kirrie to borrow and bank. Just precisely what a Kirriemuir man had told us. I hope the booster's vision of Kirrie's future may be right notwithstanding the negative evidence that has recently been plucked and over the district of one store being "doomed" and another "closing down" and that the "opening up" of a Bank may cure the dry rot. Wishing the booster a broader view and a clearer vision and above all a sense of humor.

Yours truly,
the Newsman.

Presentation to Rev. Wickenden

On Christmas Eve a number of valuable gifts were presented to Rev. Wickenden by the flu patients and some other Monitor friends.

Monitor, Dec. 24th, 18. My dear friends, It is with a full heart that I ask you to accept my sincere thanks for your most generous gifts. What little service I performed during the flu epidemic I was only too glad to do and I can truly say that I consider that the discovery that I have so many friends has repaid me a thousandfold. It is really most kind and good of you to recognise my efforts with such a bountiful and unexpected reward. I thank you all, my friends, very much indeed, more than I can say, and I hope the days to come will bring me greater and happier opportunities than the flu, to be of service to you.

Wishing you every happiness and blessing from Christmase and throughout the Coming Year,

I remain,
your sincere friend,
W. S. Wickenden.
